

Working with Love

To help children understand that when they work with love — helping at home, school, or church — they are serving Jesus, just like St. Joseph did.

St. Joseph worked hard every day as a carpenter.

He made things carefully and with love, because he knew God was with him in his work.

When we work and help others with love, we are showing Jesus that we care too.

Colour this picture of St. Joseph working with love.

As you colour, think about how you can work with love like he did.

I can work with love when I _____.

*Dear Jesus, thank You for giving me work to do each day.
Help me to do everything with love, like St. Joseph did.
Amen.*
